I got a lot of my information from Telegram:

here are a few more channels about this

<https://educate-yourself.org/cn/slimspurlingobituary07dec07.shtml> An article about Slim.

Guys from this telegram site are the ones who gave me the “plans” that are on the drive

Slim Spurling’s wife has gone on to sell very expensive versions since his death here:

But we can make these ourselves and many people are -

The cubit is 45 centimeters – so not that hard to measure what they are talking about.

These are good for EMFs and Chemtrails

CUBIT MEASUREMENTS <https://sacredmeasures.com/measurements.html> (they don’t have to be exact)

Tensor Rings can utilize Cubit fractions and combinations of 1/8, 1/4, 1/2

Tensor Ring & Harmonizer Videos & Information

144 MHZ Cubit~aka Sacred or Royal Cubit. Comes from the King's Chamber of the Great Pyramid. Slim Spurling's Cubit. Known for its work in the Physical.
20.63 inches ~ 52.4 cm

177 MHZ Cubit~ aka Lost Cubit. Discovered by Hans Becker and Slim Spurling. This Cubit length was created out of a mathematical formula. The 177 MHz Tensor Field is known for its connection with the Etheric and Emotional bodies.
23.49 inches ~ 59.67 cm

188 MHZ Cubit~ Synergizes well with the 144 and 177. Resonates with and decalcifies the Pineal, helps release Programs and Beliefs. Brought to us by a Master Dowser. Was also given to Slim Spurling before he passed; his widow calls it the Empowerment Cubit.
28.85748 inches ~ 73.3 cm

333 MHZ Cubit~ Changes the color of sound and works well with Sound Healing. Brought in by a Master Dowser. It seems it may have a relation to King Solomon's Temple. Works as a Straight Line Cubit.
39.3131568 inches ~ 99.8554 cm

764 MHZ Cubit~ One side of the 27" Ring has a Black Whole, or absence of energy, while the other side creates a tornado style field. The tornado field always travels toward magnetic North. You can change the "polarity" if the output simply by intention. Possible uses of teleportation and tornado wrestling. Pulls in and transmutes dense energy. Brought in by a Master Dowser.
77.55836 inches ~ 196.9982344 cm

Standard Teotihuacan Unit-

see the Templates page for the measurements to both the Balance and Harmony and the Galactic Ascension Rings

Straight Line Cubits

These Cubits can be utilized

in fractions of $\frac{1}{3}$, such as

$\frac{1}{3}$, $\frac{2}{3}$, 1, $1-\frac{1}{3}$, etc.

Sacred Cubit- 25.025" or 63.520 cm

1/3 of this length (21 cm) produces
the sine wave of the frequency
of the hydrogen atom.

Black Cubit- 21.352” or 54.153 cm

Both Cubits above are used in our [Keys and Starbursts](#), and work similar to Tensor Fields in their
elctro- and geo- magnetic restructuring.

Remen Cubit- 14.583” or 37.441 cm

This is the Cubit Bill Reid uses in his version of the Starburst design

333 MHZ Cubit-

39.3131568" or 99.8554 cm

Works as both a Tensor Ring and Straight Lined Cubit
