Call me a leaf in the wind because I am blown away. Joanna gave me a reading that opened my eyes to parts of myself that I had forgotten about ages ago. I don't know how she did it, but she revealed opportunities for personal growth that have my soul vibrating with excitement. I've had a lot of readings in my time, but Joanna's was one of the best. What's the highest rating we can offer here? I want to multiply it 10x for her. Outstanding!

12/10/20 - Rebecca Bauer, Denver, CO

I want to express my deepest gratitude for the painting and reading Joanna blessed me with. It is probably the single most powerful art piece i have, and combined with the reading it is "life changing"

When she first gave me the reading, I didn't agree with some of the things she said. I thought I had a "great connection" to Source. I mediate everyday, and I couldn't understand why she was telling me to "rely on God more" The image is of me, wrapped in the arms of an angel. Recently, I had a profound experience, while mediating, and the painting came to life in my mediation, I could feel and see an angel surrounding me. It was a very clear message and a miracle. I knew now what the painting really meant. Yes, I did have a connection to Source, BUT I also relied very strongly on myself and willpower to get things done. There was very little room for Grace in my life. The painting literally told me to relax and trust and allow some room for miracles. I am learning!

Joanna's paintings are not just beautiful, they are full of meaning, complexity and power. The symbols can be unfolded over time and allow you to go on your own inner journey, and maybe discover your own blessing and miracles that lie there. She paints a mirror for your soul to see itself.

My only hope is that she is blessed as much as she blesses others with her gifts. Thank you so much for sharing your gifts with the world and helping us all evolve.

(J.P., Tucson, AZ, Facebook - 8.5" x 11" In-Depth Drawing with Reading, 2/21/14) says

"Wow! I'm speechless! The symbolism in your drawing has touched my heart...I'm a big angel believer and wear an Archangel Michael pendent and I have always been so attracted to the Sacred Heart.

I really can't wait to hold my drawing in my hands! Thank you so much for emailing it to me....I'm now going to search for a soulmate quartz crystal. I can't wait to meditate with my drawing, even just looking at it through email I can feel it's power and I'm sure it has a great message for me! Thank you so much for validating that B and I are soul mates and I feel with meditation my message will be stronger.

With tears running down my face I thank you...your drawing literally left me speechless!"

Drawing/Reading #46 4" X 6", Hand-colored Ballpoint Pen on Origami Fold Paper, M.M., Italy, 11/15 Drawing: A Querant comes to the unseen in prayer...trying to use his earthly eyes to see into the Spiritual Dimension. What he cannot see unless he sees with his heart, is that he is safe and protected by an Angel, who, when asked makes all paths right. If there is some fear blocking him from seeing with his heart, that is what must be cleared away. Perhaps what is necessary is to practice trusting his

heart, to let it shine to lead him, to use it to see. Most importantly in this drawing is the limitation of trying to use the 5 senses to prove the 6th sense.

Message:

Things could go either way, but when you pray, from a place of surrender and humility, you create order from chaos, a safe space in the eye of the storm. There really is an Angel right there protecting you, in the middle of it all - ask and you shall receive. There are many kinds of energies, but when you pray, you call forth the most powerful energy and It commands all the others to do It's bidding. You are causal. Sometimes you are called to be the light on a dark street. Sometimes you are placed in a situation because you are the one who will pray. When one person prays in a place where no one else is praying - it is causal, so if you ever wonder "Why am I here?" that might be the reason - Pray - call in the order within the chaos. Turn the ions upside down, as after rain. Make right the space between people with prayer - through Him all things are possible. Take that statement literally.

I just wanted to give you a wee feedback about your amazing drawing.

It just touched me so much...

The colors, the theme, my Angels... All is Beauty.

I love it, I love it so dearly...

I didn't expect such a message of love and care...

I mean I can hardly speak of it...

I am so grateful for the work you've done.

This drawing is a talisman for me.

Merci beaucoup, Joanna.

I wish you all the best for the coming New Year.

I will get in touch with you again, that's for sure !

Love, Peace. BLESSINGS

Drawing/Reading #47 4" X 6", Hand-colored Ballpoint Pen on Origami Fold Paper, F.H., France, 12/15

Angels - woman and a man cradling little girl. The little girl is sitting on the woman's lap and the woman sits on the man's lap. They are in the 4th Dimension, she is here in the 3rd Dimension. The man is barefoot and kneeling. His right hand clasps the woman's left hand over a heart. The little girl, also barefoot, is singing - the triple helix- body, mind, spirit, as one breath. She reaches up to her daddy and is held by her momma. (Mother Earth Father Sky). Underneath the whole picture is the symbol of the Infinite. So it shows the path - male and female energies in balance expressed through the incarnated human child. Her song comes from deep within her through the 7 chakras. You are loved and protected. you have angels watching over you. Speak or sing your truth. Barefoot indicates servants of God - so your path may seem harder, but your message serves God and you are safe. Also regarding Matthew 18:3 "Become as little children..." The past is the past - it served to strengthen you. Put your faith in God, within your heart, and speak / sing your truth. All is in balance. This is confirmation of the idea that does not matter what other people think of you - or whether they can even hear you - you still have to speak your truth - knowing in your heart that somehow it serves God, and you are supported in doing so - it will make sense later - pray and walk through the Valley of the Shadow of death - fearing no evil, for God is with you. I do get the sense that these Angels were once incarnated - your parents?

They love each other and you. The love is timeless and Infinite. They watch over you.

Intuitive Drawing/Reading #30: Choosing the Light, 8.5 x 11, Ballpoint Pen on Paper

"The Significator is an Angel who holds her female "child" angel in her arms on her left side (left-intuition).

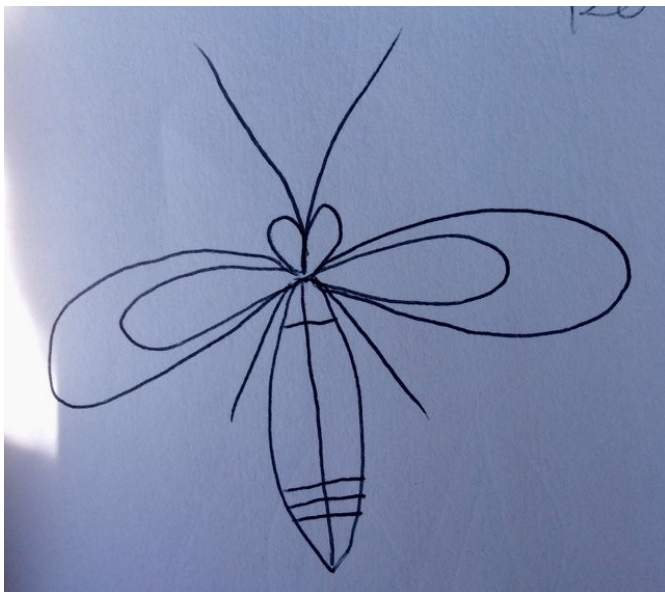

The Angel looks upward towards God while the child looks "sort-of" at her "mother" but also to the Right - Manifestation).

From the Right comes an impish seemingly benign person who's shadow hides behind the Angel. He seems like an androgynous boy and his left leg is wedged between the Angel and the child. In his arms he holds an animal - something like a wild cat or fox which although belly-up seems fierce. His attitude seems to be that of pride.

Pride can be, in small doses, seemingly benign but can lead to self-justification, arrogance or self-righteous indignation especially when there is the preesence of ego, darkness or self-centeredness behind it.

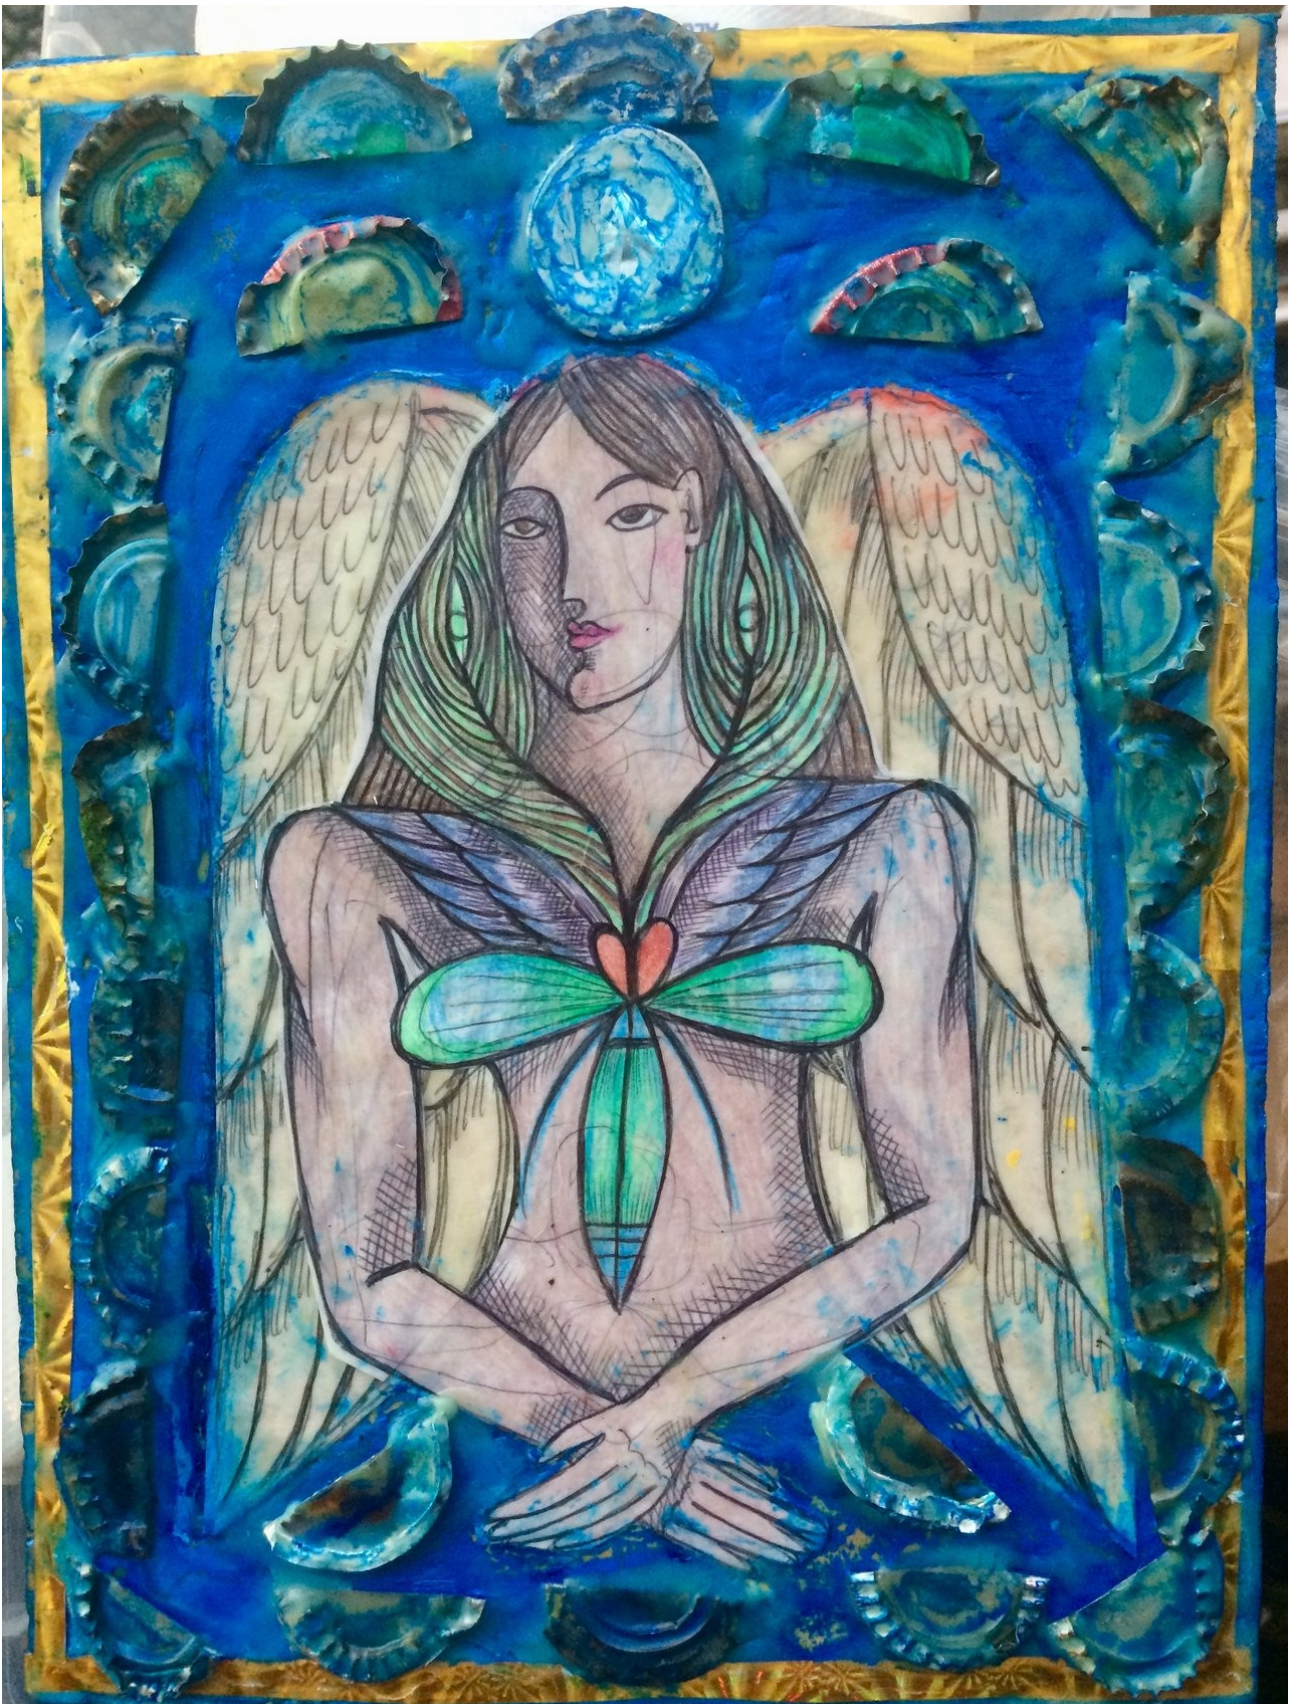

Infinity and the winged heart are in front, below the Right hand of the Angel."

C.F. (return customer bought from my website) 1/12/14 "Oh, my gosh, it's STUNNING! I love it so much...I'm gonna cry. Joanna, this is amazing. Every single inch of it. I see what you mean by how it touches your heart. It does mine, too! My heart feels a tightening and a tugging just looking at it. I'm blown away. This makes so much sense in so many ways. I know who the "benign," egotistical (and needy) being is that tries to place itself between mother and child, lol. Actually, it could be one of two people, or both. And I even know the significance of the fierce animal he holds. The drapes, I feel, are to help conceal the imp's ulterior motives... I love the gentle cradling of the angel and child. And I love the symbol of infinity with the winged heart... also very personally meaningful to me. I will be doing much more pondering over this. All I know is that it is perfect for me. Many blessings to you, Joanna. <3 I will talk to you soon and will keep in touch!!

Talisman - I command respect

I have been using Joanna for over a year to help guide me through this sometimes treacherous path I have embarked on. From financial success to commanding respect from people when they started to walk all over me and take advantage of my kindness to protecting my place from harm. Her sigils actually have made a difference and I am thankful to have had our paths meet.

Thank you so much for this reading! It truly describes my life right now with clarity and detail! All around me I see the signs that there is really only one way to coexist on this planet, and that is with love. Through the teachings of Jesus, we learned that the higher self exists but only if you believe. Why do we look for signs if there truly is nothing behind this life that we see. I see it every day in the flowers, the water, the sunlight, and air that we breathe. In the eyes of the animals living instinctively. Truly the ultimate design to hold our tiny bodies and fragile minds. Thank you again for reassuring me that the path I'm on is not only divinely laid, but for reasons that I must live out every day to see, destined to impact the world in a truly life-changing and absolute positive way. Thank you again for this gift.

My step son's Doberman, died recently, and looked sort of like the dog in this drawing. My wife and I went to help them when they found his body and I wrapped him up and took him out of the house and put him in the truck to bring him to the vet. You are correct, when you say "The Dog is an Angel", as Trigger truly was. And strangely enough, I did feel the presence of God there with us at the moment I took him away.

Wow, thank you again! Your intuition truly works on many levels!

Drawing/Reading #36 4" X 6", Ballpoint Pen on Origami Fold Paper, (Facebook Competition Winner)

The picture shows 3 androgynous figures and a Dog/Angel and the Holy Spirit (heart with wings). The Dog embraces the human. The human embraces the Dog. The central figure is both the giver and the receiver.

Help your brother/sister less fortunate than you and you will be saved. You are him/her and s/he is

you. If you ever wonder how to do it, watch a dog. Dog is God spelled backward. The Dog is an Angel (always look for God in the most unexpected places).

The dog's "arm" and leg are the human's right arm right leg - Make your manifestations be Godlike - (Right = Manifestation / Left = Intuition). S/he helps his/her brother/sister less fortunate - the Holy Spirit is present for such an act as this is the manifestation of the Ascended Christ.

K.C., Denver (craigslist, full-size) "I am so grateful for your reading and drawing - they were both beautiful and profound, and amazing gifts. Thank you so much"

Mini Intuitive Drawing/Reading #17 (2): Earth Mama, 4.25 x 5.5, Ballpoint Pen on Paper, 2/15/13

Picture 1

Significator needs to know everything is ok. Picture 1 is of a woman holding a baby -there are 5 figures in the drawing - the one holding the baby is Significator needing to nurture aspects of herself that are new or have recently revealed themselves again. That new or renewed aspect needs attention. Then there is another figure in the foreground - a young woman - could be her daughter. She is supportive.

Mountains behind with 2 angels above - one blows a horn - MUSIC into the back of Significator's head - Music comes from God - the other overseas the whole situation and seems to be the spirit of someone long gone from the past who interacts with Significator from the other side. Her eye is on them although she is facing above.

Picture 2 In close-up drawing woman angel guards child and receives energy from spiral halo. Spiral talks about that which is repeated over and over. Dark shadow figure stands behind - Basically focus attention on new beginnings and deny dark spirit = Despair, Defiance, Fear, Worry - pray together with like-minded others to be carried through initiation - Light has more power than dark. Prayer - Meditation - Scientific Prayer (Emmet Fox) obliterates negative self-talk and paves the way for the Light to take form and shape the future.

C.F. (ebay-direct, mini - gift for a friend's birthday) 2/9/13 I'm still looking at it and reading your interpretation, and I just wanted to say again how much I love it. You are very gifted. Wow...it's perfect.

Mini Intuitive Drawing/Reading #16: Heart,Orb,Holy Spirit, 4.25 x 5.5, Ballpoint Pen on Paper, 2/8/13

Drawing: Subject is in the foreground seated cross-legged holding an Orb which shows the Infinite Life Path in a Spiral. The Holy Spirit (Bird) is around him - his head is in it's heart - the left side (inner self) of his face glows with Love (red) and the Orb glows with Love (red) and his heart glows with Love (red) - he is spiritually connected.

There is a woman in the background praying. She is watching him. He is watching the Orb which is a symbol of his psychic ability to know / see around the corner to the future.

Reading: You know alot through Intuitive means - you should put all your trust and faith in your Intuitiive and psychic abilitiy and allow It to lead your life. You should do whatever you can to develop these abilities: prayer, meditation, yoga, etc.

The Holy Spirit guides your life surrounding you with It's wings. You have only to ask, and It is there.

There is a woman who loves you and prays for you. She wishes you were more dependent on her than your heart, but you do not fall prey to this influence.

Help her, instead to trust her heart and depend on It's voice to guide her, for only then can you relate rightly to God and to one another.

We must all get our supply of emotional, spiritual, intellectual & physical support from God first, directly, and then we can freely and truly Live and Let Live. That is the way to Holy Relationship.

L.L. (ebay, mini) 1/6/13 "Beautiful picture. And very insightful. Joanna has a wonderful gift." and more "I forgot to tell you that DV loved his drawing/reading! He told me he put it as his background image on his i-Phone and was very appreciative. We had a good discussion about its meaning and interpretation. The great thing about your intuitive art is that, the longer you look at the images and consider each component of them, the more sense they make and the more they resonate. Divine inspiration..."

Intuitive Drawing/Reading #14: Group Inventory, 8.5 x 11, Ballpoint Pen on Paper, 1/5/13

Drawing: It is a Wizard holding a triangle and circle coin in left hand sitting holding a "baby" in his right hand with 3 mountains behind to which the coin is connected by a thread. At first glance it looks like that. Upon further investigation it is clear that the Wizard's legs are deformed but the deformity is hidden under a beautiful cloak. The baby is deformed and it is actually an adult - "King Baby" - stunted growth - stunted by sickness. The triangle in circle coin appears to be round but literally is mis-shapen to appear round to the viewer when it is actually not - It is not a spiritual entity although it appears to be such. It is a lie.

J.N. (ebay, mini) 12/12/12 "WOW...YOU ARE SIMPLY AMAZING! Your reading/drawing is MORE than helpful...Thank you ever so much...worth so much more than what I paid. I hope to return the favor someday soon."

Mini Intuitive Drawing/Reading #11: Pay Attention to the Baby, 4.25 x 5.5, Ballpoint Pen on Paper, 12/12/12

Drawing: A person (you) are in the center with the Mirage (your Ego) of another person kissing you and holding her hand to her ear "listen". (Listen to ME, the Ego!)

An Angel (God) on your left. It is unclear whether the Angel (God) is putting thoughts into your head or whether is is the Mirage. Someone - Angel or Mirage is holding a pitcher of water that pours out the string that binds the drawing together.

You have a burning heart and your third eye is open. (This means you have clear Intuition, clear Love, and a clear connection to the Divine available and waiting for you to tap it). It is unclear in the drawing if your arms/legs/feet belong to you, the Mirage, or the Angel. At your feet is a new baby reaching up for you but you are not paying attention to the baby. (The baby is your relationship with God). You are not really paying attention to anything that is going on in the picture- in your current surroundings. It is a time in which all the Lightworkers must get tuned in - you look outside for answers you should find within. Your questions will be answered through prayer and meditation and listening to God within. Allow God to be the Source of all you know - Divine Intelligence. The temptation is to get validation from people. The Master gets it from her heart.

RS, Denver ...Hi, Joanna. I received the original artwork/masterpiece last night. It is so powerful....so much divine energy in it! I am going to frame it this weekend and put it someplace where I can look at it often. I can't thank you enough. Talk to you soon. ~ BIG hug ~ "

Intuitive Drawing/Reading #10: ReAwakening, 8.5 x 11, Ballpoint Pen on Paper, 12/9/12

You are vibrant and charismatic. You naturally attract others to you. You are naturally awakened to the Presence of well-being and goodness that exists and it is time to go deeper.

Follow your heart. What you love - when you feel a pang in your heart for something or someone - follow it.

When you were a child there were things you loved that you have forgotten or that have become less important. Go back to those activities to rekindle the spark.

You want to feel vibrant and alive again - Dance - Yoga - Movement & Music - Follow those primal impulses as they will connect you to Infinite Source and intuitive direction.

You can have moment-to-moment access to God on a daily basis but it will require some preparation. More consciousness: Meditation daily - yoga, dance music daily ... time to connect and put you in touch both with the Love of Life you experienced as a child and also with your Source. God in a physical way.

This connection can cure all ills - turning a way from mainstream distractions use your time wisely

to develop your unique and personal connection to God and allow that to lead you into the next phase of your life.

Humankind is experiencing a shift. Embrace that and you will go with the flow and not against it. A whole new world will open to you if you do.

D.H., FL (ebay, mini) 11/23/12 Very intuitive reading, and beautiful image.

Mini Intuitive Drawing/Reading #8: Mermaid & Demon, 4.25 x 5.5, Ballpoint Pen on Paper, 11/21/12

You have not been paying good attention to what your heart wants. You have been ignoring your intuition in favor of what you believe - think the world wants you to be /do - the result is that you have opened the door for negative forces to enter.

We all have free will. When we use it aligned with God's will for us and for the highest good of all we benefit beyond our wildest dreams yet when we use free will against the Truth, we open the door to spiritual attack- low self-esteem, apathy, confusion - the solution - Seek God - Here the mermaid has a chioce- she can go deeply within her natural environment (water) within her heart to find hereself or she can continue to seek answers outside her natural self (air) and find the opposite- Prayer, meditation, getting right with those harmed and service to others are paths back to true purpose.

Anthony S. (bonanza, full-size), "Very talented and friendly seller. Great communication, very enjoyable to talk with, and quality reading and drawing. Definitely recommended. Thank you."

Intuitive Drawing/Reading #6: Trust Your Intuition, 8.5 x 11, Ballpoint Pen on Paper, 10/15/12

You have strong intuition but you pretend not to know it. You depend too strongly upon your will, your desires- you need to pray to know the Highest Good for all concerned and then act on that. You fear loss of self yet that would be the portal to a life really worth living. To find the way, pray - listen to the still small voice within. If you cannot hear it, make amends for past harms and then you will find Quiet Mind.

Jamie D., Denver, CO "I had a feeling my guide was a Native American! Thank you so much Joanna"

Intuitive Drawing/Reading #3, Eagle-Angel 8.5" x 11", Ballpoint Pen on Paper, 9/12/12

He is a Lakota Eagle Feathered Angel - his right shoe is off means he leads with his connection to mother earth spirit and holds infinite love in his Intuition - his right hand is hidden under his wing means his free will is given to God - he is a wise man - has been human before - as a Wise Man - and message to you for today is "Dare to be yourself".

Bette J., MA 9/12 (bonanza, full-size) "...Highly recommend Joanna. Beautiful, beautiful picture and the reading was wonderful and confirming. Definitely recommending to my friends her services. Joanna has a wonderful gift. Thank You"

Intuitive Drawing/Reading #2, One Shoe Off, 8.5" x 11", Ballpoint Pen on Paper, 8/31/12

She has one shoe off- her left all the action is on the left side, she holds a chord that creates infinite love and she can see from her intuition.

There is a benevolent being in her psyche that is a part of her perhaps from childhood.

She is from the Celtic tradition - medieval.

she wears one shoe off so she can lead with her intuitive side- feel the ground beneath her feet.

She holds her hair in an eye-barrette on the left side and the cord seems to come from the hair - in fact make that more apparent ... (I did)... so her experience as recorded in her hair has produced a chord that has fallen into the shape of a heart and infinity... she has concluded that it is all about trusting God and practicing infinite love leading with intuition and keeping her friends near no matter how unconventional they may seem to others - she know what is important when she sees with her heart.

Is there anything else?

Tell her not to be lonely - instead to be grateful - practice acts which emanate gratitude.

Jamie T., TX (ebay, mini) 8/12 " Her work is PRICELESS! Every time I see something she has done it truly speaks volumes. If you are lucky enough to have her draw for you it truly is a once in a lifetime opportunity! Unspeakably talented , with the humbleness to match. Amazing! Her work Radiates like no other! A MUST Buy!"

Intuitive Drawing/Reading #1, 2 Mermaids, 8.5" x 11", Ballpoint Pen on Paper, 8/29/12

She is a mermaid. She is a free spirit but when she loves, she loves loyally. she holds her freedom close to her - sometimes she should just hold it with an open hand - no one can take her truth from her. As a mermaid, she can swim in the darkest, coldest water and breath the air and feel the sun. She has a wide range. She has a mirror who is rather vain. Someone in her space who is very concerned with herself but also is very much like her. She feels she needs to protect her heart from this other who is close to her but not concerned with her. She seeks the Spirit to bring her freedom - she transcends the material. She has a challenge with this like other who has the range but her focus is more material or self. She puts her heart first and sees what is miles away. She is a visionary and her strength lies in having long distance vision while allowing others to be themselves and not questioning herself. She can fly with the wings of her heart.
